

Jayden Phu

Monterey Park, CA 91754 • (626) 417-5067 • jaydentphu@gmail.com

Education

University of California, Los Angeles

Bachelor of Sciences in Computation of Mathematics

Anticipated Graduation: June 2029

Experience

Veris Ventures

Software Engineering Intern

Geneva, Switzerland

Jun 2025 - Present

- Researched emerging Web3 projects, encompassing blockchain infrastructure, DeFi, layer 2 and layer 3 protocols, cryptocurrency, and play-to-earn (P2E) games with a focus on evaluating tokenomics, smart contract security, and market potential to assess project feasibility and optimize investment fund allocation.
- Built a Python bot to automate dealflow processing and enhance workflow efficiency for venture capital investments in cryptocurrency and blockchain startups.
- Integrated Telegram and Notion APIs using python-telegram-bot and notion-client libraries for seamless data transfer and storage of dealflow details in a Notion database.

Kode for Kids

Founder, President

Monterey Park, California

Aug 2023 - Jun 2025

- Founded free, in-person coding programs for underserved middle schoolers, addressing local gaps in accessible computer science education through small-group, collaborative sessions.
- Tutored Python and Java fundamentals, empowering students to build projects and overcome learning barriers.
- Developed weekly lesson plans on emerging CS topics, organized community events, and amplified reach via social media to foster inclusive tech literacy and spark passion in 100+ participants.

Building-u Nonprofit

Coding Intern

St. John's, Canada

Oct 2024 - Feb 2025

- Developed JavaScript applications using DOM manipulation to support educational resources and scholarships for high school students.
- Collaborated on website migration using React and Bootstrap to enhance functionality and user experience.
- Built a form validator app, CRUD employee management system, and API-powered analytics dashboard for real-time user data visualization.

Mark Keppel Alliance Nonprofit

Recording Secretary, PGA US Open Fundraiser Chairperson

Alhambra, California

Aug 2022 - Jun 2025

- Chaired PGA US Men's Open fundraiser, raising \$1,300 for educational programs.
- Served as Recording Secretary, documenting minutes and compiling financial reports to track performance.
- Reviewed legal agreements, providing strategic input to strengthen partnerships.

Projects

Polymarket Trading Bot | *Python, Telegram API, requests, beautifulsoup4, JSON, asyncio, web3*

- Developed a Telegram bot that integrates Polymarket's API for trading real-world events, enabling users to place bets on prediction markets from anywhere in the world.
- Integrated cryptocurrency payments using web3.py to interact with the Polygon blockchain, allowing users to deposit and withdraw USDC directly within the Telegram bot.
- Built a per-user wallet system, generating unique sub-wallets via hierarchical deterministic wallet derivation from a master seed to allow individual users to manage crypto balances securely without external wallets.
- Implemented social features, including clans for collaborative trading and leaderboards for competitive rankings.

Skills

Languages: Python (Numpy, Pandas), Java, JavaScript/HTML/CSS, React, C++ , R

Technical: API Integration (RESTful, Web3), Blockchain Development (Polygon, Ethereum-compatible), Microsoft Office Suite, Quantitative analysis, Financial management, E-commerce, Project planning, Task management
